*I can share the gospel!*

Do They *Want* to Hear?

Are people looking for and open to the Word of God in their lives?

*Yes and no. People are looking for something, but not God, except for His intervention in their hearts. But we are still accountable to go and give them opportunity to hear!*

Were any of you hostile toward Christians and/or the gospel?

What is the lost's perspective of the gospel message?

- It is foolishness (1 Corinthians 1:18)
- It is offensive (1 Corinthians 1:23)
- They are not seeking God (Romans 3:11)
- They prefer darkness (John 3:19)
- How can I waste my great investment? (Philippians 3:7)

So, *what do we do?*

*Obey God and be faithful to go, praying that He will intervene and save them.*

*How are they to hear without someone preaching?*

Romans 10:14b

## **Romans 10:9-17**

Who are the *sent*?

*John 17:16-18, 20 – Jesus praying for disciples and all future believers (that’s us!)*

What is *preaching*?

*“proclaiming” God’s Word and message*

What is key in our preaching?

*The Word of God! (Romans 10:17)*

It takes an average of 7.6 times for someone to hear the gospel before getting saved.<sup>1</sup>

82% of people are willing to consider going to church if someone invites them.<sup>2</sup>

What *are* the lost seeking?

*I believe all people are seeking fulfillment of some kind, and the areas they look for it generally fall under these 4 categories: hope, meaning/purpose, acceptance, and satisfaction.*

**How can we use that to build a bridge for the gospel?**

*Ecclesiastes 3:11 says God put eternity into man’s heart – so the fulfillment the lost seeks can only be satisfied by the eternal God, and not temporary things. We can help the lost understand how God will fulfill their desires, and share testimony of how we once sought those things and God met our desires and needs!*
